Global Plan To Stop TB & Eastern Europe and Central Asia Consultation on Sustainable Impact

UNAIDS 2016-2021 Strategy

23 June 2015

Helena Nygren-Krug, Senior Adviser, Strategic Policy Directions
Presentation overview

1. Consultation process so far
2. Overview of draft UNAIDS 2016-2021 Strategy
3. HIV/TB
4. Next steps
At its 35th meeting, the PCB requested:

“the Executive Director to undertake a multi-stakeholder consultative process to update and extend the UNAIDS 2011-2015 Strategy through the fast track period 2016-2021…taking into account the 2011 Political Declaration on HIV and AIDS and ongoing discussions on the post-2015 Sustainable Development Goals, and report back on this process at the 36th PCB.”
Consultations: Where and with whom

Regional consultations

- 7 UNAIDS Regions + North America, Western Europe
Consultations: Where and with whom

Global consultation

- Chaired by H.E. Mr. Taonga Mushayavanhu, Ambassador of the Republic of Zimbabwe
- 50 MS; All Cosponsors; 4 PCB NGOs and others including the StopTB Partnership
Structuring the conversation:
Background paper, questions and framework

- Participants provided with background paper
- Posed 6 guiding questions – shaped each consultation and report
- Presented draft strategic framework
A SHORT FIVE-YEAR WINDOW

DECLINE IN NEW ADULT HIV INFECTIONS

Source: UNAIDS Fast Track: Ending the AIDS epidemic by 2030
Overview of UNAIDS Strategy
A draft strategic framework

Zero New HIV Infections, Zero Discrimination
And Zero AIDS-related Deaths

By 2030, end the AIDS epidemic

HIV Prevention
< 500,000 new HIV infections

Treatment, care and support
< 500,000 AIDS related deaths

Human rights and gender equality
Everyone everywhere lives a life free from HIV-related discrimination

2016-2021 STRATEGY SDG ACTION AREAS

Ensure healthy lives and promote well being for all of all ages

Reduce inequality in access to services and commodities

Achieve gender equality and empower all women and girls

Promote inclusive societies for sustainable development

Strengthen the means of implementation
Overview of UNAIDS Strategy
A draft strategic framework

- 90% of countries provide access to integrated health services for HIV, TB, Hep B/C, SR, HR & NCDs

Proposed target 3
How UNAIDS will deliver on its goals
HIV/TB: A partnership

- Scale-up of collaborative HIV/TB activities has decreased the number of TB-related deaths among people living with HIV by 33% worldwide since 2004.

- TB remains a leading cause of death among people living with HIV, accounting for one in five AIDS-related deaths globally.

- The Global Plan to Stop TB 2016-20 provides an opportunity to ensure greater alignment between efforts of Stop TB and the Joint Programme.
Aim to enable broad and diverse engagement to review first draft

“I am relieved to find a virtual space, without constraints, that allows us to speak freely about the challenge of HIV.”
Next steps

37th PCB

- 26–28 October: 37th UNAIDS Programme Coordinating Board meeting
- Final UNAIDS 2016-2021 Strategy and Unified Budget, Results and Accountability Framework will be presented
Thank You
