New opportunities for funding and engagement – Your role in the future of the Stop TB Partnership

**Thursday 31st October, 11am – 5pm (10.30am coffee and registration)
Hotel Le Meridien Etoile, Paris (opposite the conference center)
Conference registration is not required to attend**

Overview: Following the approval of the Stop TB Partnership Secretariat's Operational Strategy 2013-2015 and a series of governance reforms, the Stop TB Partnership has recently undergone a period of change and evolution.

This meeting, which is open to all people visiting Paris for the World Conference on Lung Health, presents a unique opportunity to discuss:

- **Secretariat priorities**, including our advocacy, partnering and Global Fund engagement activities
- **Governance reform**, including the new Coordinating Board structure, the new constituencies and how to engage with your constituency representative
- **Resources and funding opportunities**, including
 - o the ongoing TB REACH call for proposals
 - o the next round of the Challenge Facility for Civil Society
 - o access to quality controlled first and second line drugs and diagnostics, including GeneXpert, through the Global Drug Facility

Audience: The meeting is open to all those in Paris for the World Conference on Lung Health. Conference registration is not required to attend this meeting.

Format: Presentations from Stop TB Partnership Secretariat staff and other guests followed by time for questions, answers and discussion.

Food and refreshments will be available!

RSVP: Please send an email to stoptbpartnerships@stoptb.who.int including your name, job title and organization.
