

# The Missing 3 Million

REACH, TREAT, CURE EVERYONE

## The Global Impact of TB

**24,000**

New TB cases a day

**8,000**

TB cases missed a day

**4,000**

People who die of TB a day

**1,315**

New drug resistant TB cases a day

**219**

Children who die of TB each day

## How Many Are Missed?

**3.5/10**

Globally

**5/10**

Africa

**4/10**

South-East Asia

**3/10**

Europe

**4.5/10**

Western Pacific

**2/10**

Eastern Mediterranean

## Why Invest In Finding The Missed 3 Million?

TB is Curable with a \$30 USD six month treatment course

TB Respects No Borders

A \$1 USD Investment in preventing TB provides a \$30 USD Return to National Economies

1 Person with TB can infect up to 10 People a year

## Who Are the Missed 3 Million

9 million became ill and 1.5 million died from tuberculosis (TB) in 2013. More than 3 million people with TB were missed and undiagnosed. These include women and children, the poor and malnourished, refugees, migrants, miners, ethnic minorities, homeless and substance users.

## Why Are They Missed

No Access: Distance to care, poverty, stigma, limited facilities, financial barriers, conflict

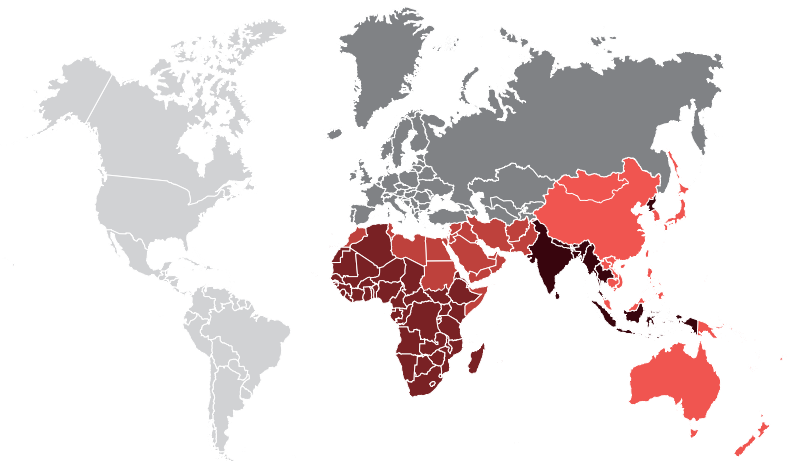

No Diagnosis: undertrained staff, inaccurate tests, lack of equipment

No Documentation: weak reporting, lack of case notification

No Treatment: Drug stockouts and poor links between services

The Solutions:

1. Provide Adequate Funding for TB
2. Increase Access to Care
3. Expand Screening and Diagnosis
4. Improve information flow for quality care

- South-East Asia Region
- African Region
- Easterns Mediterranean Region
- Western Pacific Region
- European Region
- Region of the Americas

- Missed Cases: 1.4 million
- Missed Cases: 1.3 million
- Missed Cases: 341 000
- Missed Cases: 293 000
- Missed Cases: 98 000
- Missed Cases: 75 000
