

**ANNOUNCING THE FIFTHTEENTH ROUND OF APPLICATIONS TO
THE GLOBAL DRUG FACILITY
CALL LIMITED TO
PAEDIATRIC FORMULATED ANTI-TUBERCULOSIS DRUGS**

The 15th round of applications to the Global Drug Facility (GDF) is now open and the secretariat is accepting applications from governments for free grants of first line **paediatric anti-tuberculosis drugs**. The closing date for applications is **Tuesday, 6th March 2007**. GDF grants for paediatric formulations have been made possible through funding from UNITAID (www.unitaid.eu).

The application materials are available on the GDF website:
http://www.stoptb.org/gdf/applying/application_documents.asp

Completed forms should be submitted to GDF (gdf@who.int) for consideration by its Technical Review Committee.

We encourage you to submit completed applications and supporting documentation electronically. If an electronic submission is not possible, paper-based applications are acceptable.

The following paediatric products are currently available from the Global Drug Facility:

1. Rifampicin 60mg/Isoniazid 30mg/ Pyrazinamide 150mg, Tablets, Dispersible (3-drug fixed dose combination) **(RHZ 60/30/150)**
2. Rifampicin 60mg/Isoniazid 60mg, Tablets, Dispersible (2-drug fixed dose combination) **(RH 60/60)**
3. Rifampicin 60mg/Isoniazid 30mg, Tablets, Dispersible (2-drug fixed dose combination) **(RH 60/30)**
4. Isoniazid 100mg Tablets, Breakable **(H100)**
5. Pyrazinamide 150mg Tablets, Breakable **(Z 150)**

Please visit the following website: http://www.stoptb.org/gdf/drugsupply/drugs_available.asp for more details on these products.

Eligibility Criteria (as defined by UNITAID)¹

At least 85% of UNITAID funds should be spent on **low income countries (LICs)² i.e. with a GNI per capita < or equal to US\$ \$875.**

No more than 10% of UNITAID funds should be spent on **lower middle income countries (LMICs³) i.e. with a GNI per capita ranging from US\$ 876 to \$3,465.**

No more than 5% of UNITAID funds should be spent on **upper middle income countries (UMICs)⁴ i.e. with a GNI per capita ranging from US\$ 3,466 to \$10,725** with priority given to those with a high disease prevalence, subject to these countries providing co-financing for their projects as to 20% in year 1 rising to 40% in year 4 (the same arrangements as per the Global Fund).

In the case of both LMICS and UMICs, UNITAID contributions should be used to scale up existing programmes targeted principally at vulnerable groups (in accordance with the UNITAID definition).

¹ UNITAID Prospectus Sept. 2006

² As defined by the World Bank Atlas Method

³ Ibid

⁴ Ibid

The GDF Technical Review Committee (see below) will consider all applications received from countries that are LICs, LMICs and UMICs taking into account the above criteria.

GDF grant support is dependent on approval by the GDF Technical Review Committee and on the availability of resources.

Please send the application form to the following address:
