

13-17 September 2005
Ministry of Health, Mexico City, Mexico

OBJECTIVES & EXPECTED OUTCOMES

Objectives:

- To review and comment on a draft 10-year strategic vision and detailed 5-year work plan for the Global Plan 2.
- To examine current state of the art in ACS at country level including current and proposed tools, workshop syllabi, handbooks and guidelines developed by the Stop TB Partnership
- To develop a technical assistance framework to support countries with strategic ACS work plans and funded budgets.
- Ratify the subgroup's terms of reference, governance structures and operating procedures.

Expected Outcomes:

- Adoption of the 10-year strategic vision and detailed 5-year workplan and budget for the Sub Group.
- Consensus on appropriate ACS frameworks, approaches, strategies, tools, guidelines and evaluation indicators for ACS activities at the country-level.
- Establishment of a technical assistance mechanism to support country with ACS workplans and funded budgets.
- Agreement on sub group operating procedures, workplan and budget.
