

Working in partnership towards a world free of TB: Facilitate meaningful and sustained collaboration among partners

Elisabetta Minelli

Meeting of country-level partners and national partnerships
1st November 2013, Paris

Overview

- Operational Strategy of the Stop TB Secretariat
- Partner coordinator role of the Stop TB Partnership Secretariat:
 - Sharing of good practices of national partnerships
 - Various opportunities for national partnerships
 - Mapping partners' landscape
 - Promoting partners' work
 - Disseminating information to partners
 - Facilitating network of partners

Operational Strategy 2013-2015

The Secretariat has been aligning its resources and work priorities since the beginning of 2013 to the following 4 strategic goals:

STOP TB PARTNERSHIP

Operational Strategy
2013-2015

1. Facilitate meaningful and sustained **collaboration among partners**
2. Increase **political engagement** by world leaders and key influencers to double external financing for TB from 2011 to 2015
3. Promote innovation in TB diagnosis and care through **TB REACH**
4. Ensure universal access to quality assured TB medicines and diagnostics in countries served by the **Global Drug Facility**

Stop TB Partnership

Stop TB Partnership

Transforming the Fight

TOWARDS ELIMINATION OF TUBERCULOSIS

Sharing of good practices

As part of its partner coordinator role, the Stop TB Partnership Secretariat continues to **promote exchange of information** and **sharing of good practices** among existing national partnerships.

- Mailing list (stoptbpartnerships@who.int)
- Dedicated website (www.stoptb.org/countries/partnerships/)
- Annual meetings at The Union Conference
- Regional Forum for WPRO and SEARO national partnerships organized by Stop TB Korea, November 2012
- Ad-hoc bilateral exchanges between partnerships (India-Afghanistan, Swaziland-Nigeria-Cameroon)

Partnering and public health practice

- Published in June 2013
- Disseminated to national partnerships, national TB programmes and WHO offices of TB, MDR-TB and TB/HIV high-burden countries, selected Stop TB Partners in September 2013

- Describe activities and approaches of 23 national partnerships to support national programmes and partners
- Advocate for national partnerships
- Build capacity on how to develop and maintain one
- Include country profiles

Activities of national partnerships that make a difference

- Coordination and harmonization of activities to stop TB
- Joint effort to advocate for more human and financial resources for TB interventions
- Raise the general population's awareness about TB
- Improving access: partners contribute to case detection and care
