TB Anywhere is TB Everywhere

Thursday 22nd March
From 4:00pm
Atlee Suite, Portcullis House, London

TB ANYWHERE IS TB EVERYWHERE is the theme for World TB Day 2007 on March 24th. The message is one of urgency and shared responsibility. Although TB is a preventable and curable disease, it remains a global emergency. Through unified action on all levels, we can work towards a world finally free of tuberculosis.

The Officers of the All-Party Parliamentary Group on Global Tuberculosis would like to invite you to a meeting in the House of Commons to mark World TB Day and the launch of both the World Health Organization's Global Tuberculosis Control Report for 2007 and the All-Party Parliamentary Group on Global Tuberculosis' own manifesto for action against TB.

The meeting will be preceded by time to network over tea/coffee and followed by a reception:

4:00 – 4:30 Tea / coffee

4:30 – 5:30 Presentations from WHO and other speakers (to be confirmed)

5:30 – 6:30 Reception

Please mark this date in your diary. Further details of speakers will be circulated in advance.
