

## TB IN THE TIMES OF COVID-19: JOIN THE VIRTUAL TOWN HALL ON 24 MARCH 2020

Please join Lucica Ditiu from the Stop TB Partnership and Tereza Kasaeva from WHO with Ministers of Health, technical partners, TB survivors, communities, researchers, activists, nurses, epidemiologists and donors to discuss how the COVID19 pandemic impacts the work we do on TB.

We'll explore how to be resilient in front of this situation, how we should prepare ourselves for the post COVID19 life, and hear any questions you have. Link to the ZOOM below to join.
