# DOT and Harm Reduction: challenges and opportunities The Ukraine experience

Oleksandr Kulchenko  
All-Ukrainian Network of PLWH

# Cross-cutting epidemics

Data on sizes of marginalized groups in Ukraine

Groups	Estimated value
IDU	325 000 – 425 000
HIV+	359 000
TB	460 00
HIV-positive IDUs	163 000

\* Ukrainian AIDS Centre, MoH, WHO, UNAIDS

# Problems

- Low awareness
- Stigma
- Discrimination
- Criminalization
- Constant need of a new dose
- 
- Drop out of healthcare attention

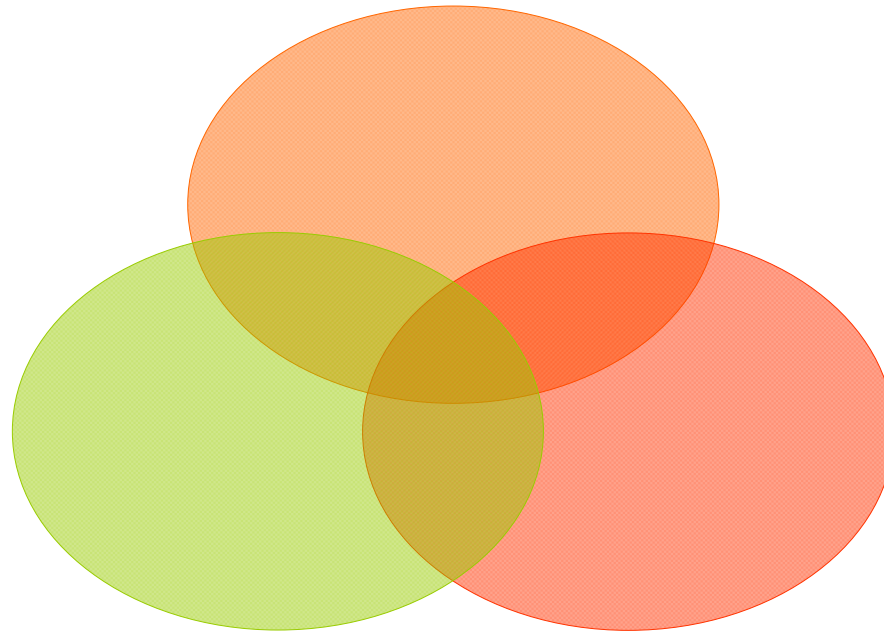

# Integrated care site

**Substitution  
Therapy**

**TB  
treatment  
&  
diagnostics**

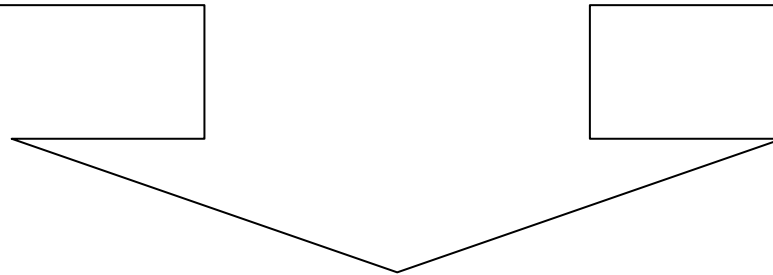

**HIV  
Treatment  
&  
Diagnostics**

# Integrated care site

- Need of a new dose
- Decriminalization
- Discrimination
- Stigma
- Increased awareness

- Increased quality of life

## Achievements to date
