TAG (Claire Wingfield)

USAID (Susan Bacheller) - Chair

Tanzania NTP (Saidi Egwaga)

Kenya NTP (Jeremiah Chakaya)

TB Alert (Paul Sommerfeld)

WEF (Lakshmi Sunderam)

HD Net (Bobby Ramakant)

**Brazilian Liaison - Margareth Dalcolmo,
Afranio Kristki & Ezio Santos-Filho**

Forum Objectives

Secure the leadership of Brazil in all aspects of TB Control and R&D

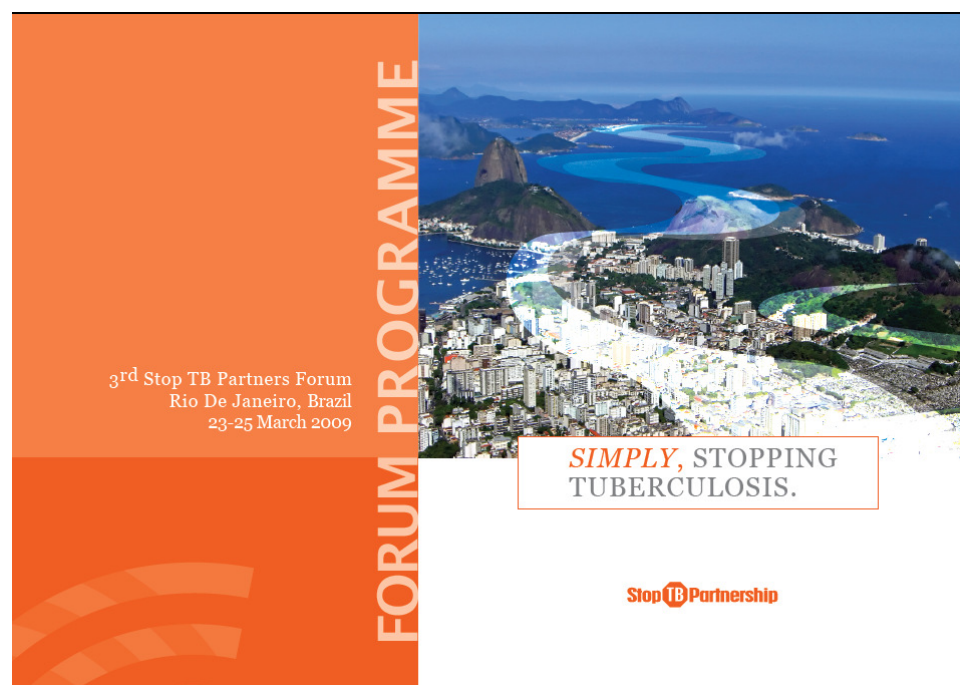

Report on trends in implementing the Global Plan to Stop TB

To discuss and address bottlenecks and potential solutions for achievement of the Global Plan with Ministers of Health of the 22 HBC

Connect partners in new and innovative ways, foster collaboration and mutual support

Provide a venue for constituencies to reach consensus on policy statements, positions and approaches, and communicate them to the wider Partnership

Forum Agenda

9 Skills Building Workshops
Opening Ceremony
4 Plenary Sessions
35 Thematic Track Sessions
6 Constituency Meetings
Ministerial Forum
Market Place (63 stands)
Speakers' Corner
Civil Society Call for Action
Closing Ceremony

Recommendations on the way forward to 2015

Rio Recommendations Process

At its 15th meeting in Tanzania, the Board advised that the 3rd Stop TB Partners Forum should produce an "*action oriented output document*" to guide future development of the Partnership and to accelerate progress towards delivery of the Global Plan

The Forum Steering Committee has requested each meeting on the **official programme** of the 3rd Stop TB Partners Forum to submit **up to 3 recommendations**

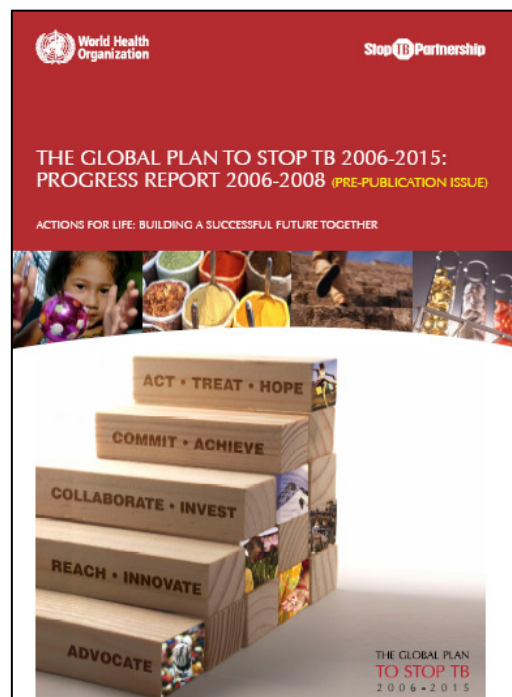

The recommendations should be SMART (specific, measurable, achievable, results-oriented, time-bound)

They are expected to give guidance to the bodies of the Partnership (CB, WGs, Constituencies, Secretariat, etc) on actions required to address the concerns and priorities of Stop TB Partners up to 2015.

As not all partners will be at the Forum, and to make the process more inclusive, for 30 days following the Forum's close the recommendations will be posted in an interactive 'wiki' online format to allow partners to further refine them

Global Plan Progress Report (i)

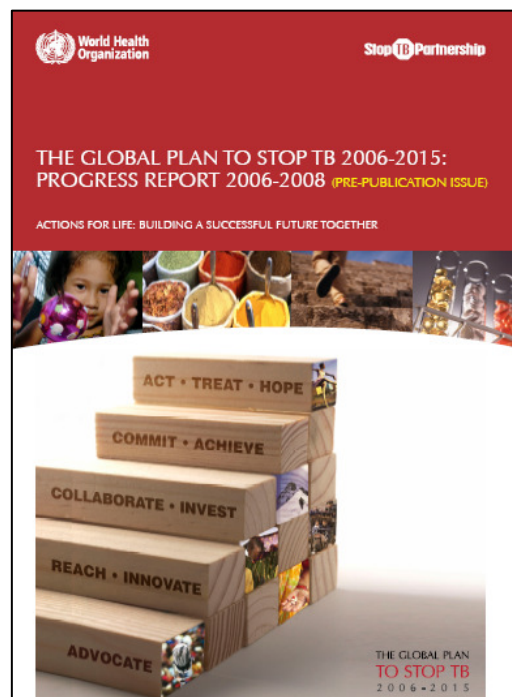

Progress

- New smear positive cases notified to WHO under DOTS programmes in 2007 (2.5 million), exceeds the Global Plan benchmark (2.2 million)
- 155 countries have adopted national strategic plans for TB control, including all 22 HBCs
- Treatment success target achieved (85%) is greater than Global Plan milestone (83%)
- Drug susceptibility testing of TB cases increased almost three-fold at the country level, [from 64,000 in 2005 to 172,000 in 2007]
- The Green Light Committee (GLC) tripled its approval rate for MDR-TB treatment following internationally recommended guidelines.
- From 2005 to 2007, the number of countries with a national policy to test people living with HIV for TB increased from 27 to 118.
- African countries with a high prevalence of HIV (accounting for approximately 75% of HIV-positive TB cases) tested 41% of their notified TB cases for HIV in 2007, up from 14% in 2005
- To date, nine vaccine candidates have entered clinical trials, some moving beyond Phase I.

Global Plan Progress Report (ii)

Challenges

- Detection rate of new smear-positive cases increased from 58% in 2005 to 63% in 2007, falling short of 2007 milestone (68%).
- The great majority of MDR-TB cases targeted for treatment in 2007 and 2008 did not receive treatment by GLC-approved programmes (more than 90% of the planned target)
- Globally, only 27% of all notified TB patients were tested for HIV in 2007, far behind the GP milestone (56%)
- Funding the greatest challenge to achieving GP goals: a funding gap >US\$1 billion per year. For R&D, this gap was ~US\$ 385 million in 2007

World TB Day Commemorations

Confirmed Participants

UN Special Envoy – President Jorge Sampaio

First Lady of Georgia – Mrs Sandra Elisabeth Roelofs

Executive Director, Global Fund - Dr Michel Kazatchkine

Executive Director, UNAIDS - Mr Jean Michel Sidibe

Executive Secretary, UNITAID - Dr Jorge Bermudez

Assistant Director General, WHO/HTM – Dr. Hiro Nakatani

Ministers of Health of Afghanistan, Bangladesh, Brazil, Cambodia, DRC, Kenya, Malawi, Pakistan, Peru, Tanzania, Thailand, Uganda, Zimbabwe + more national representatives

1600 people representing partners registered

- 75 bursaries (36 countries)

Forum Venue & Registration

The Centro de Convenções SulAmérica is a brand new space
Located at: Av. Paulo de Frontin & Av. Pres. Vargas, Cidade Nova – Rio de Janeiro

www.ccsulamerica.com.br/

Metro/subway: Cidade Nova/Estacio (10 journey card to be provided by State of Rio)

Registration begins on Sunday 22nd March 2009 at 14h00

- Opens again at 08.00 on Monday 23rd March

Decision Point

To endorse the "Rio Recommendations" process and to mandate the Secretariat to produce a Rio Report, inclusive of recommendations, for consideration by the Board in the Fall 2009 meeting
