

Childhood TB Roadmap

DRAFT

DISCUSSION

Outline

- What's Missing from Roadmap?
- What's Needed to Accelerate Progress?

What's missing from the
Roadmap?

What's Needed?

- To address policy → practice gap
- To develop/scale-up family-centered approaches
- To create bold policies and supportive systems
- To have high quality data for decision making
- To develop country specific solutions based on local epidemiology
- To accelerate research and innovation

To address policy → practice gap

To develop/scale-up family-centered approaches

To create bold policies and
supportive systems

To have high quality data for
decision making

To develop country specific solutions
based on local epidemiology

To accelerate research and
innovation

Thank you
