

Philippe JACON

Chief Executive Officer

Foundation for Innovative New Diagnostics

Philippe Jacon joined FIND from EDMA (European Diagnostic Manufacturers Association) in October 2011, where he acted as Director General *ad interim* since March of 2011.

Prior to EDMA, he spent most of his career with BD (Becton Dickinson and Co) in various capacities and locations. Most notably, he was Worldwide President of BD Diagnostics-Diagnostic Systems and Worldwide President of BD Diagnostics-Microbiology Systems in Baltimore, Maryland, and Vice President/General Manager Europe of BD Medical-Diabetes Care. Prior to these roles, Mr. Jacon held positions of increasing responsibility in BD Medical-Pharmaceutical Systems in Europe and subsequently in the US, where he was the VP/GM for the business. Mr. Jacon started his career at BD as a Sales Representative in France for BD Biosciences.

During his time in Baltimore, Mr. Jacon played an active role in the community. He served on the board of the University of Maryland BioPark and the Greater Baltimore Committee. He was also appointed by Governor Martin O'Malley to the Maryland Life Sciences Advisory Board.

Philippe Jacon received a Microbiologist Engineer degree from the Université de Bretagne Occidentale in France. He is a French citizen, is married and has 3 children.
