

Seq&Treat – bringing next-generation TB care to communities

Funded by Unitaid 2019-2022

- Catalyze a competitive market for sequencing-based DR-TB diagnostics in LMICs
- Empower LMICs to establish and expand sequencing capacity for DR-TB and beyond

Seq&Treat is a FIND project, made possible by funding and support from Unitaid. Unitaid accelerates access to innovative health products and lays the foundations for their scale-up by countries and partners.
